

## PoE Extender

### FEATURES

- Extends Power over Ethernet to 200 meters
- Can be cascaded to reach up to 400m
- No need for local power
- Plug and play, no configuration needed
- Supports 10/100/1000Mbps data rates

### SPECIFICATIONS

<b>Model No.</b>	<b>FSC - EXTEND</b>
<b>Standards</b>	
<b>Compliance</b>	IEEE802.3at (POE), WEE Compliant
<b>Ethernet Port</b>	
<b>Data Rate</b>	10/100/1000Mbps
<b>PoE Output</b>	45-57Vdc

<b>Power</b>	
<b>Input Power</b>	PoE, support alternatives A & B DC Input PoE Voltage : 46-57 Vdc Max Input Current : 0.7A
<b>LED Indicator</b>	DC Power Input/Output ( Orange ) Ethernet Data Input/Output ( Green )
<b>General</b>	
<b>Working Temperature</b>	0°C ~40°C
<b>Working Humidity</b>	5~90% (non-condensing)
<b>Color</b>	Metal, Black
<b>Dimension</b>	95x71.5x26.5mm
<b>Protection Level</b>	Lightning 3KV, 8/20Us; IP40
<b>Mounting</b>	19" 1U Rack
<b>Weight</b>	0.3kg
